ABOUT ME

Dear Sir/Madam, my name is İbrahim and i am a third year Software Engineering student at Doğuş University.I am a student who wants/likes to gain real work life experience using with my theoretical engineering background.That's why i am trying to work in different departments or areas related with my job while showing and improving my skills.I like to help people or make their life easier in an innovative way.I care about different points of view so I can easily work with both teams and individually in a solution-oriented way.Thank you for your time reviewing my application. Yours truly
